Miles Sanger

(323) 328-6201 | behrenha@usc.edu | Los Angeles, CA | LinkedIn | miles-sanger.com

EDUCATION

University of Southern California | Los Angeles, CA | 3.9 GPA **Expected 2029**
B.F.A in Interactive Media & Game Design | Minor in Video Game Production

EXPERIENCE

Dusk Blossom Games - Voidwatch **September 2025-Present**
Lead Producer, QA Lead
- Lead an eight-person team developing a space shooter roguelike, advancing the game from early alpha to beta toward a planned Steam Early Access release.
- Established a review and QA workflow in Linear, guiding development tasks through code review, testing, and merge approval before completion.
- Public demo available | 400+ Steam wishlists.

Quarter Life Pounder **May 2026-Present**
Associate Producer
- Organize faculty milestones for a narrative cooking game within a 40+ person development team.
- Own the pipeline from usability findings to design and from design to engineering, coordinating handoffs across disciplines.
- Develop high-level production plans covering the design team's full scope of work.

Bird Team Fridge Adventure - PicPeck **March 2026-Present**
Director, Lead Engineer, Lead Designer
- Recruited five designers and artists to develop a mobile digital collectible card game centered on birdwatching.
- Lead design and engineering, developing an end-to-end demo for playtesting.

USC Mixed Intelligence Lab **January 2026-Present**
Founding Member, AI-Native Designer
- Helped establish an undergraduate research lab under Professor Mark Bolas, exploring AI through play and interactive experiences.
- Designed and engineered a wizard-dueling prototype using Unity and GPT to explore playful human–AI interaction.

Open Alpha **January-May 2026**
OA Cohort 13 | Sound
- Designed sound effects and an original song for a game developed by a 50+ person team.

Solo Game Developer **2019-Present**
- Developed and released dozens of digital/tabletop games using Unity, Twine, and paper prototyping.
- Create gameplay systems, narratives, art, interfaces, and sound for published independent projects.

Teaching Assistant "Fundamentals of Procedural Media" | USC **August 2026-Present**
- Support introductory game design students in p5.js and C# project development.
- Deliver lectures on game sketching and responsible AI use in game development.

SKILLS

- **Game Development:** Unity (6+ yrs), Unreal Engine, Twine, AI/LLM Integration, Narrative Design
- **Project Management:** Linear, Jira, Google Workspace / Microsoft Office
- **Programming:** C#, Java, Unreal Engine Blueprints, Python (PyTorch)
- **Certificates:** CalArts Game Design, UCLA Gamelab Game Design
